

OTRONIA

PATAGONIA EXTREMA

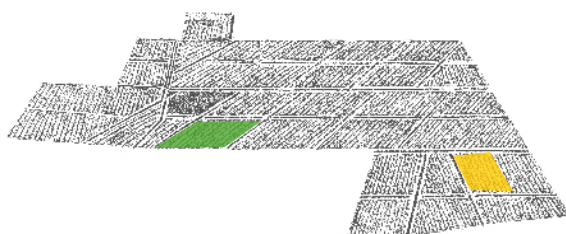

LAGUNAR TARDÍO 2019

Coppery amber in colour with golden glints, it has aromas of quince jelly combined with notes of citrus peel and dried apricot. On the palate, its intense sweetness is harmonised with a deep acidity and great concentration.

From two plots specially designed to be harvested in late autumn. It comes from fluvial matrix soils composed mainly of medium-grained rocks deposited on a sandy bed.
